

BRANT BROUGHTON BUGLE

19.09.25

What another great week! The summer really does feel like its behind us, in the best possible way and not necessarily due to Wednesday's rain! The children have really impressed us all this week throwing themselves (quite literally – see Tag Rugby below!) into their learning, being fully engaged and energised... In Pandas class so much so that Mrs. Botham could not *predict a riot!*

Pandas Class had a riot – which Mrs. Botham couldn't predict! The children took part in a freeze activity where they reenacted a riot from the advert they have been using as their writing stimulus. The children either sided with the view that either the wolf or the pigs were not at fault. They then had to shout their viewpoint to the other side trying to convey why they should be believed.
