Safeguarding Spotlight

YouTube is a favourite with many children, but not everything they see is suitable for young viewers! Even innocent-looking videos can lead to inappropriate content through adverts or suggested videos. Please take a few minutes to check what your child is watching, explore parental controls and consider using YouTube Kids for younger children. Watching together and chatting about what they see is a great way to help keep them safe online.
👉 For more advice, visit the NSPCC's YouTube safety guide.

This week's Worship

This week we asked the big Question: How do our actions help other people flourish? Inspired by the story of the Good Samaritan we have been thinking about how we can see,care and act - helping to make a difference.

B.B. PTA

Our wonderful PTA are holding their AGM at school on 12th November.
If your interested in taking on a role, making some suggestions or simply interested to find out more, please do pop along to the meeting and find out.

Wellness Wednesday

For this weeks' challenge, Miss Maclachaln has made a share box for the blue zone where the children can share experiences and what helped. We are looking at finger exercises this week in the assembly and when they can be useful as a regulation tool.
