

Homework Autumn Term

'Does chocolate grow on trees?'

Welcome back to school Leopards children.

I hope that you have had a lovely Summer break.

Below is this term's homework.

Practise your 2, 5 and 10 times table. Times table rock stars is an ideal way to do this.

Read at least three times a week.

Week 1

Willy Wonka owns an AMAZING chocolate factory. In the chocolate factory Wonka makes THE most wonderful sweets and chocolate bars and chewing gum like a three course meal and even lickable wallpaper!

All the different sweets are made in different rooms.

You are going to create a room inside Wonka's factory!

Think about what inventions Wonka may come up with.

Think about what the room would look like.

Design your room.

Make your room.

Your room will be around shoe box size turned on its horizontal side.

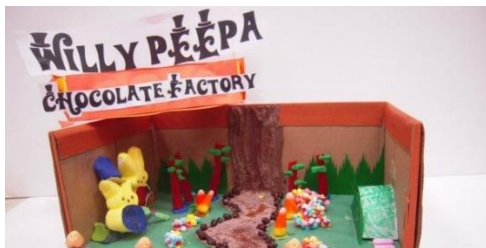

We will put all of your rooms together to make an amazing Leopards Chocolate Factory.

This is due in on 17th October.

We look forward to seeing your wonderful Wonka inspired designs.

The shoe box will be like this.

Please let me know if there are any questions regarding this homework. Happy to help!
